On the 4th of July will have the honor of addressing the Senate of the United States from New England. The letter is to be read by Mr. Greenleaf, and will be inserted in the Senate Journal for the 5th of July. The subject is the treatment of the negro, and the question of slavery. The letter is written in a very spirited and forceful manner, and is well calculated to impress the minds of the people of the United States with the necessity of immediately putting an end to the barbarous institution of slavery. It is signed by Wendell Phillips, one of the most prominent abolitionists of the time.
